MECCANO SPARE PARTS

The two price columns give the basic cost of parts in very good, LITTLE USED condition. The first column refers to post-war RED/GREEN parts made at Binns Road, Liverpool up to 1964. The second column refers to parts produced after 1964, principally BLUE/YELLOW/ZINC PLATED but also including BLACK, SILVER PAINT, ARMY GREEN, WHITE and DARK BLUE/YELLOW. All grub screws and set screws are included (no additional charge).

The Hornby Companion (Literature)	45.00
Meccano Constructors' Guide	3.75
Frank Hornby - Notes & Pictures by Jim Gamble	22.50

TOOLS FOR ADVANCED MECCANO CONSTRUCTORS

SCREWDRIVERS - Top quality and highly recommended. The blade is 4mm diameter, allowing it to pass through Meccano holes right down to the handle. The tip is ground to a low 10° angle and the blade possesses exceptional torsional strength. The large handle gives excellent grip. Unfortunately, the longer 10" and 16" blades are now obsolete.

SIZE	DISCOUNT PRICE
4" Blade	2.70
6" Blade	2.80

SCREW HOLDER/DRIVER - TYPE H.D. This most useful of tools uses a spring loaded clutch to positively hold the driving tip in the bolt slot. - Ideal for those difficult to reach places - quick and easy to use. 5" Blade. Discount Price 12.40.

TYPE L.D. This version uses an expandable tip that fills the slot in the bolt head. It has the added feature of being able to hold grub and set screws. 4" Blade. Discount price 8.50

PAINT FOR USE WITH MECCANO 125cc Tin 4.95 250cc Tin 7.95

These top quality synthetic paints are specially blended to perfectly match typical samples of colours. They are suitable for brush or spray applications onto bare steel and provide good adhesion - not to be confused with cellulose type finishes which flake easily. Our extensive range now consists of:

1928 Dark Red & Green	1950 Medium Red & Green	1958 Light Red & Green	1970 Medium Yellow & Blue
1978 Dark Yellow & Blue	1983 Light Yellow	Army Green	

LARGE RUBBER TYRES **** NOW FOUR TYPES AVAILABLE****

Sometimes known as "Ashtray" tyres, these greatly extend the scope of the system, having, as well as increased size, improved tread pattern and proportions. Building suitable wheels is easy - two circles of 4 curved strips (part 90a) fit tightly into recesses in the rubber - one each side. Connect the circles with long bolts and fill in the middle with a suitable hub e.g. part 137.

Type "A" Fine Tread Tyre for cars/lorries - Hollow 6" x 1 $\frac{3}{8}$ "	7.00 each
Type "B" Heavy Plant Type Tread - 5 $\frac{3}{4}$ " x 1 $\frac{1}{2}$ " wide - Solid rubber	7.75 each
Type "C" Tractor Type with a Heavy Vee tread - Hollow: Part 19b fits, one to each side - 6 $\frac{1}{4}$ " x 1 $\frac{3}{4}$ "	10.00 each
Type "D" Tractor Type as above but part 109 fits - 4 $\frac{1}{4}$ " x 1 $\frac{3}{4}$ "	6.00 each

12 VOLT SINGLE (LOW) SPEED MOTORS - Powerful, top quality units at realistic prices.

JUST LOOK AT THESE FEATURES!!!!

MECCANO SIZE OUTPUT SHAFT (within .002") IDEAL SPEED (for most applications) of only 120r.p.m., due to internal gearing

VERY QUIET RUNNING POWERFUL (See rated load torque below)

NOT BULKY - Tough grey plastic body is only 2 $\frac{1}{2}$ " long (1" shorter than M5 type)

SPEED AND DIRECTION CONTROLLABLE from standard "Model Railway" type transformer - no need for expensive outlay on 2 $\frac{1}{2}$ amp versions. READY TO USE Supplied with 3" x 1 $\frac{1}{2}$ " Meccano mounting plate, pre-drilled, with screws and 2ft. of twin cable fitted. INTERFERENCE SUPPRESSOR FITTED

TWO TYPES TO CHOOSE FROM:

TYPE MD

(Medium Duty)

2 $\frac{1}{2}$ " long x 1 $\frac{1}{2}$ " x 1 $\frac{1}{2}$ "

Rated load torque = 125 mNm

(Easily run off batteries)

Now only £29.00

TYPE HD

(Heavy Duty)

2 $\frac{1}{2}$ " long x 2 1/8" x 1 $\frac{1}{2}$ "

Rated load torque = 300 mNm

Now only £35

DATES FOR YOUR DIARY

We travel extensively, attending toy fairs, Meccano club meetings and exhibitions, - bringing Meccano to you. In response to many requests we are publishing a programme of events at which, barring unforeseen circumstances, we will be selling. We frequently make up orders for delivery at these events, thus saving postal costs. This programme is now published separately, as is our "Specials List".

FUTURE LISTS We aim to produce an updated catalogue, "Specials List" and venues list every year, along with an interim venues list every six months.

I regret we do not have the resources to maintain a "Mailing List" for customers, except those from abroad. However, U.K. customers can be guaranteed immediate delivery of new lists if they send a large S.A.E. (at any time).

CONDITION OF PARTS, SETS AND MOTORS

Apart from "little used" condition I can also offer "much used" parts which are very paint scratched (but undistorted and serviceable) at a discount of 20%. Unused painted parts are often available at 20% addition.

ORDERING Please read this carefully

Please state part number, description, colour, quantity and minimum condition acceptable i.e.

LU	=	little used (list price)
MU	=	much used (list price less 20%)
UU	=	Unused (list price plus 20%)

Please write, telephone or fax (24 hour service) stating your name, address and phone number, but send no payment. I will send your order, usually by return, with an invoice. Postage is at cost, but there is no charge for packing. In the very unlikely event that any items are unsuitable they can be returned, the invoice adjusted. I guarantee that every order, large or small, receives MY personal and immediate attention. It is my aim to provide a complete service to the Meccano hobby, one that I have been active in for over 50 years as both modeller and collector. I regret that I am unable to provide stock lists (apart from those items mentioned in our "Specials List") - stocks are always extensive, but please apply common sense on very rare items.

Overseas customers are welcome and their best method of payment has proved to be by Bank draft (in pounds sterling).

I make every effort to maintain large stocks of the full range of original English "Binns Road" Meccano products and literature. I am continually looking to purchase large collections and pay top prices. Visitors are welcome - by appointment please.
